Understanding Autism - NCFE Level 2 Certificate

Content and overview

Our Understanding Autism course will give you an understanding of autism and the principles of supporting individuals with autism. You will use a person-centred approach and learn about the influence that positive communication methods can have. You will also gain an understanding of how individuals with autism can be supported to live healthy and fulfilled lives.

Course Details

To be awarded the Level 2 Certificate in Understanding Autism, you are required to successfully complete 6 mandatory units:

Unit 01 - Introduction to autism

Covers what is meant by 'autism', and common misconceptions associated with autism.

Unit 02 - Using a person-centred approach to support individuals with autism

Looks at legislation and guidance, and the support networks available to individuals and their families.

Unit 03 - Communication and social interaction in individuals with autism

Covers the potential delays and difficulties in speech, language, and social development that can be faced by autistic people.

Unit 04 - Sensory processing, perception and cognition in individuals with autism

Provides an understanding of sensory processing, perception, and cognition autistic people and consider how to the support their sensory needs.

Unit 05 - Supporting positive behaviour in individuals with autism

Looks at how to support positive behaviour and help individuals to develop coping strategies.

Unit 06 - Supporting individuals with autism to live healthy and fulfilled lives

Covers how to support individuals through transitions and life events, and how to access services, facilities and employment opportunities.
