Course Description

Developing Good Mental Health in babies and Young Children (0-5 years) - Virtual workshop via Microsoft Teams

Brief workshop overview

Babies and young children have mental health too! This workshop will allow you to discover how you can encourage healthy brain development, through everyday interactions and experiences and how you can promote good mental health in the important early years.

Discover what early years mental health is and how as parents/carers you can support good mental health. Consider the relationships your baby/child has and the importance of these in supporting mental health. Learn basic brain development and ways in which you can help your baby/child to develop a healthy brain. Consider how your baby/child needs you to co-regulate in order for them to learn how to self-regulate in the future.

Delivery method

Virtual via MS Teams. You will be expected to complete an evaluation form.

Suitable for

Parents and Carers of children under 5 years. Any professionals wanting to have an introduction to early years mental health.

Progression route

- Solihull (In Our Place via NL Family)
- Introduction to Working in Early Years (AECL)
- Baby Massage, Yoga, Sign or Wiggle and Giggle Baby Play (NL Family)
