IOSH Working Safely

Course Overview

IOSH Working Safely is a **certificated, globally recognised and respected safety and health training course**. It takes a completely different approach to safety and health, with an engaging, fun and high-impact programme based on what people really need to know.

The course material ensures you can **identify and define safety and health hazards and risks within the workplace**.

With **no complex legal jargon**, the course is able to focus on the practicalities people need to know to do their jobs safely and healthily.

The course is divided into four modules:

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance

Delivery Method

IOSH Working Safely is a one day course, delivered face to face by an **experienced and expertly trained IOSH approved trainer**.

On the final day of the course, you will be expected to complete a closed-book assessment under strict examination conditions.

Suitable for

The IOSH Working Safely course is for **anyone and everyone in a working role who wants to learn the basics of safety and health**.

There are no entry requirements for this certificate, however it is important that you have a suitable standard of English language in order to understand and articulate the concepts included in the course.

Course Price

The cost is normally £149.00 per person, but we currently have an **introductory discount of more than 35%**.
